

The Mortgage Association of Minnesota presents
Residential Mortgage Loan Processing Course
"Processing in Today's Environment"

August 13, 14, 16, 2002

8:30 a.m. – 4:30 p.m.

2850 Metro Dr., Room 108 (Lower Level Conference Room) Bloomington, Minnesota

With the advent of automated underwriting and technology available from the internet, processing today is dramatically different than it was 10 years ago. Our revised processing course will bring you well into the 21st century. This course is designed to be an overview of the residential loan processing procedure but will cover detail on the application, credit, asset and employment documentation, as well as the appraisal and title insurance component. This course will cover both conventional and governmental loans. Standard programs are discussed as well as variations thereof. This class will be taught by Randy Cullen, Kate Wilson and Carrie Wilson.

Who should attend? This course is designed for entry level personnel and is a refresher for current personnel. It is also valuable for cross training.
